

## ENTRÉE 17" Entry-level On-Camera Prompters

Listec Video presents Entrée—a perfect entrance to the world of professional teleprompting. With the initial introduction of the 17-inch VGA Series, Entrée affords the user attractively packaged prompters with prices to match, backed by Listec's reputation for quality and support. See why Listec leads the way.....

Configured for both traditional style ENG cameras and the new breed of mini DV camcorders, Entrée opens the door to those with limited budgets requiring an on-camera system for professional presentations; or for public speaking and off-camera stand-alone operation, when the tripod does not have sufficient capacity support the entire system.

With text reversal a function of the prompting software, the only option to consider is whether a prompter program, or image reverser, will be required.

Keeping the future in mind, Entrée is just the beginning and has been designed to permit the user to economically step up to any other Listec display should the need arise.

### ON-CAMERA SYSTEMS:

**ENT-1717P** at \$1,595.00. Configured to support conventional style portable cameras. Features 17" VGA Display, Fold-down Mirror/Soft Hood Assembly and Easy-mount Support Hardware including Camera Riser and rear Counterbalance Weight. Prompter weight, less counterbalance: 18 lbs/8.2kg

**ENZ-1717P** at \$1,395.00. Configured for Mini DV Camcorders 10 lbs or under. Features 17" VGA Display, Fold-down Mirror/Soft Hood Assembly and Z-Mount Support Hardware. Prompter weight: 18 lbs/8.2kg

### ON-CAMERA SYSTEM PACKAGES:

Choice of either Listec A-6000WIN or EZPrompt Software, which feature Image Reversal for correct reflection of text on the prompter mirror:

**ENT-1717P-EZ** at \$2,095.00. Includes 17" Prompter with EZPrompt Software for Windows. Suggested for use when a prompter operator will be controlling the scrolling text. Reverses text on prompter while maintaining normal mode on computer LCD.

**ENZ-1717P-EZ** at \$1,895.00. Includes 17" Prompter for Mini DV Cams and EZPrompt Software for Windows. Suggested for use when a prompter operator will be controlling the scrolling text. Reverses prompter text, while maintaining normal mode on computer LCD.

**ENT-1717P-A6** at \$2,595.00. Includes 17" Prompter with Listec A-6000WIN Software for Windows. Suggested for use when the speaker (presenter) will be controlling the scrolling text, or in conjunction with the LSC-VGA2 Image Reverser for maintaining normal mode on the computer display for preview purposes.

**ENZ-1717P-A6** at \$2,395.00. Includes 17-inch Prompter for Mini DV Cams and Listec A-6000WIN Software for Windows. Suggested for use when the speaker (presenter) will be controlling the scrolling text, or in conjunction with the LSC-VGA2 Image Reverser for maintaining normal mode on the computer display for preview purposes.

**LSC-VGA2** Image Reverser at \$395.00. Suggested when someone other than the speaker will be controlling and monitoring the prompter scroll.
